

BAS-RELIEF BEAR

DIY Papercraft Wall Sculpture

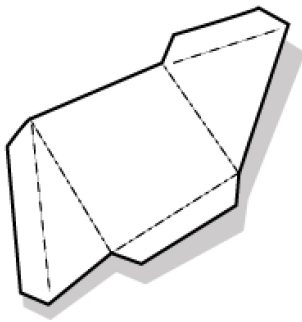

Dimensions: height 200 mm
width 402 mm
length 66 mm

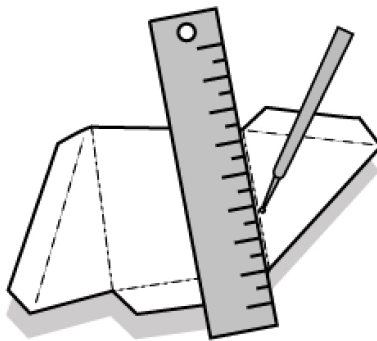

You will need:

- Printer
- Your favorite cardstocks (160-300 gsm) in Letter or A4 size
- Stationery knife
- Ruler
- Scoring tool (ball pen tip, awl pointed tool, etc.)
- Quick-drying glue
- Patience

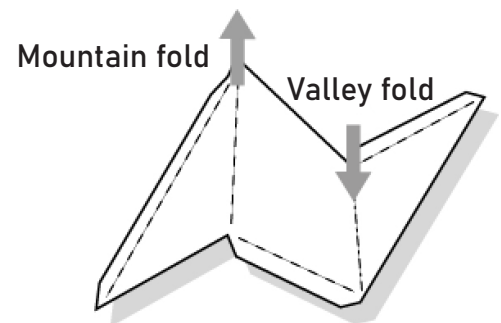

(*) If you do not want the fold lines and numbers to be visible, just fold in the reverse direction of the directions as instructed below.

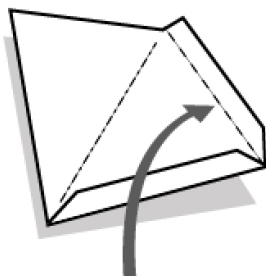

Cut out the shapes.

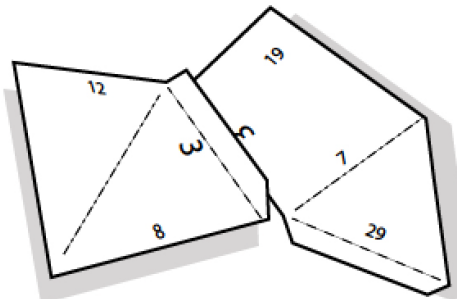

Mark mountains and valley folds with scoring tool along the ruler. This will help to get a clean edges and avoid tearing the cardboard.

Mountain fold - - - - -
Valley fold

Crease dashed lines and fold the tabs firmly on both sides.

Glue the same corresponding number tabs to one another.
